## WHIRLING WHEELS.

Items of Interest to Wheeling's Many Wheelmen.

### ABOUT THE COMING STATE MEET.

Chances Are Some of the Crack Racing Men Will Be Here, Among Them the Champion Zimmerman—The State Meet Committees Are Hard at Work—Considerable Interest Being Aroused.

The committees recently appointed to hustle up the coming state meet of the League of American Wheelmen have buckled down to good, hard, earnest work which is bearing fruit in the way of results. The prize committee has opened correspondence with the various wheel manufacturers, and the replies already received indicate that the trade will act very liberally. Several high grade wheels will be contributed free, and others will be given at less than half price. The merchants of the city are also taking an interest in the affair, and it is promised that they will contribute willingly and liberally.

The programme committee is getting up an elaborate one-hundred-page programme which will be a work of art. The scheme for the state meet is being received enthusiastically in the various towns around Wheeling, in Ohio and Pennsylvania as well as in West Virginia. It is expected that a large proportion of the visitors will come from outside the state, as exclusive of three or four of the larger towns, West Virginia has comparatively few wheelmen.

The main attraction at the meet, to the mass of people who do not ride, will be the racing programme, and this promises to be all that could be desired. With twenty-six races on two afternoons as the attractions, the people who have already seen a little of wheel racing, will turn out in large numbers and make this part of the affair a financial success. It was noticeable and significant fact that at all the athletic contests at the late butchers' picnic, the bicycle events were the most popular and enthusiastically received.

The results of the two butchers' picnic wheel races were surprising to the admirers of the local boys who were entered. There is no doubt that several of Wheeling's speediest men were up in both contests, and that the Wellsville men, Hale, so easily beat them out is exasperating to say the least. However, it was no discredit, but simply means that Hale is a rattling rider, who will make his mark. The Wheeling boys may do better in the labor day races.

The wheelmen are working up a project to have the proposed old-time coach trip from Columbus to Wheeling end at the State fair grounds at the time of their state meet races in September. It is also proposed that the wheel clubs meet the historic old vehicle out the pike at St. Clairsville and act as an escort into the city.

It is possible that the champion, Zimmerman, will appear and race here at the state meet. The Wheeling delegation that will attend the national meet of the league at Chicago next week will see what they can do with "Jimmy" about the matter. Maybe the man who did a mile in 2:05 wouldn't draw like a house afire in Wheeling.

### Working the Flim-Flam Game.

Officer Scally last night looked up Dick Shanley, a young fellow, on a charge of flim-flaming people in North Wheeling. It was said Shanley and several other young fellows were visiting stores there and buying small articles, offering a dollar in payment. Then they would hold out a part of the change. One man exposed them by a neat trick and informed the police.

### A Charge with no Author.

A colored man known as "Kansas" Ford, said to be half-witted, was arrested last evening by Lieutenant Gaus, on a telephone complaint that he was behaving indecently at Nineteenth and Chapline streets. After he was locked up no witnesses of his misbehavior could be found, and the authorities were at some loss to know what to do about it.

### Street Railway Offices.

The general offices of the Wheeling Railway Company were yesterday moved to the new quarters in the Forty-eighth street barn building and the old rooms in the Hawley building vacated. The new rooms are very handsomely fitted up, and are nicely lighted and well ventilated.

### Another Big Cat-fish.

Col. Jim Robinson, of Water street, is the latest captor of a leviathan cat. He was fishing at the Eclipse club's camp, when he got a 22½ pound cat-fish on his hook, and succeeded in landing it. He will serve it Sunday and invite his friends.

### NOTES ON NAVIGATION.

Stage of Water and Movements of Boats. The River Interests.

Matters at the public landing these nineteen inch days are very quiet.

The marks at the public landing last evening showed a stage of water nineteen inches and stationary. Cloudy.

The Frank Preston got in from Clarington yesterday with a heavy trip, part of which, cattle, was on a lighter. She departed at 4:30 for Clarington, with a good start.

The following "percular" item appeared in yesterday's Pittsburgh Commercial-Gazette: "The United States light-house steamer, Lily, arrived at St. Louis on Monday from St. Louis."

The Nora, the New Matamoros packet, was unable to reach the wharf yesterday, on account of the bar below the public landing. The Preston transferred her freight to her below the city. She left at 5 p. m.

The C. H. Woods will be the New Matamoros packet to-day, and she is scheduled to depart at 11:30 a. m. She is generally on time. The only other scheduled departure is the Preston, for Clarington, at 3 p. m.

Captain Gamble, of the Sunshine, formerly in the Wheeling-Parkersburg trade, is expected here Monday. The Sunshine is running in the Cincinnati-Coney Island trade, but it is said she will return to the upper Ohio at the end of the excursion season.

REMEMBER that Prof. Shedd, the optician, has removed from Lash's, and is now at his new quarters, 1110 Main street, and is better prepared than ever before for examining eyes and fitting glasses. Eyes examined for glasses without charge.

## WORLD'S FAIR TOURISTS.

People Coming From and Going to the Big Exhibition.

Wheeling knights of the knickerbocker who intend taking in the fair and the annual meet of the wheel league next week will leave this morning over the Wheeling & Lake Erie. Among those who will leave are Chief Consul Jason C. Stamp, John W. Herbert, Harry Gruber and two or three others of the local wheel clubs. Several of the Bellaire and Martin's Ferry wheelmen will also leave this morning. At the meet, which promises to be the largest in the history of the league, Mr. Stamp will endeavor to boom up the coming meet of the West Virginia division, which is to take place in Wheeling in September, and will make arrangements to secure some of the national wheel cracks to appear at the race meet, which will occur at the same time here.

W. O. McClusky and wife will depart to-day.

B. M. Marks left over the B. & O. yesterday.

Miss Jennie Reich will leave for the fair to-morrow.

Harry Gruber and Will Juergens left yesterday on a ten days' visit.

Mrs. L. S. Delaplaine and her granddaughter, Miss Mamie Grubb, are in Chicago.

Mr. W. E. Mallory, wife and daughter, of Woodsfield, O., were in the city yesterday on their way to the fair.

Messrs. Theo. Bayha, Ed. Roller, H. W. and A. D. Thurber and a number of others will go by the Pan-Handle to-day.

Ed. Kelly, of the South Side, leaves next week. Eddie has a very Munich reputation and will no doubt maintain it on his return.

Ed Vass, George Buorckstuemmer, Chris Schambra, Will Hafer and Frank Straub returned yesterday afternoon from the Milwaukee Turnverein and World's Fair.

### Change in the Loop.

Passenger traffic on the loop of the street car line was somewhat disarranged yesterday by reason of the tearing up of the tracks at the corner of Forty-third and Jacob street, on the South Side, to relay the tracks and make connections for the new line on Eoff, below Forty-third. When this track is completed the cars will run on the loop on a new route, as outlined in the INTELLIGENCER recently. For awhile yesterday the cars were running up Main street.

## Pen vs. Printing Ink.

"The pen is mightier than the sword."

When Shakespeare wrote it, true, it was, lord.

But one thing since given to business men,  
Has proved more powerful than the pen.

Here's "Johnny Wise," with a head to think,  
Who proudly says, 'Tis printers' ink.

I used the ink my goods to show,  
And I was not "in it," quoth "Sammy Slow."

Says "Johnny Judge," a man of wit,  
My brother coming has the key to it.

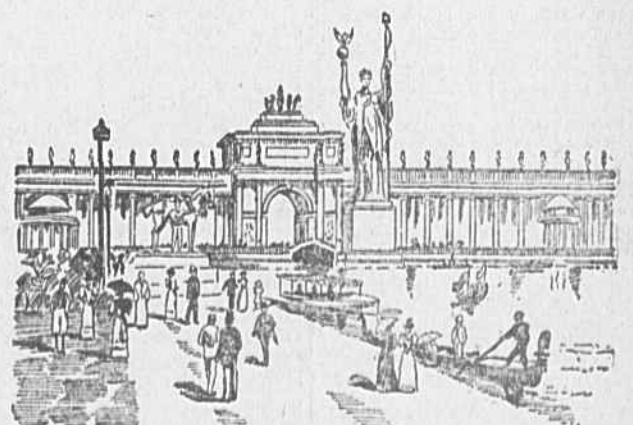

With a tip from Gundling what to wear  
There it's king, not elsewhere.

Here's the address, exposed to view,  
So profit by it, all of you.
